ACCESS CONTROL ON DOOR AND GATE

We have a security access control system on our door and gate which will operate from 9.15am so it is vitally important that pupils entering the school after 9.15am are escorted into the school by an adult to confirm entry. please use buttons on the gate and door to enter and leave.

CONSENT FORM / DATA PROTECTION

In line with GDPR, a general consent form must be completed annually. Our Data Protection Policy & Privacy Notices can be viewed on our school website – www.stpatricksgortin.com

HOLIDAYS

The school holidays/closures vary from year to year. Parents will be advised via newsletter at the beginning of the year and at the start of each term of the forthcoming breaks.

Please check your child's school bag each evening for notes from school.

ARRIVAL

School starts at 9.15 am. Unless prior arrangements have been made, no child should be in school before 9.00 am as no supervision can be guaranteed before this time. I would also ask that all children be in school by 9.15 am so that classes can begin promptly.

Children should enter the school through the front main entrance which will open at 9.00 am and go directly to their classrooms. From 9.00 am a Classroom assistant will be on duty at the front entrance to the school (most days) and a teacher will be on duty in the school hall.

In the event of late comers As the Classroom Assistant will not be on duty on the front door after 9.15 am we would strongly recommend that all children arriving to school late are escorted to the classroom door to ensure that they arrive in the school building safely. We would ask that parents do not enter the Classroom as this can be disruptive when class has already begun.

PLEASE DRIVE SLOWLY AND CAREFULLY IN THE VICINITY OF THE SCHOOL AND WHEN PARKING PLEASE DO NOT BLOCK THE ENTRANCES TO THE SCHOOL BUILDING. PLEASE DO NOT PARK ON THE YELLOW LINES IN FRONT OF THE GATE.

DEPARTING

For years 1 and 2, school finishes at 2.00 pm. For security reasons and lack of cloakroom space, parents should wait outside the school and the children will be brought up to them by staff.

For years 3-7, school finishes at 3.10 pm. Again, parents should wait for their children outside the school.

Also, all children should be collected promptly from school at both 2.00 pm and 3.10 pm as teachers and Classroom assistants have other duties and staff development meetings to attend. Your co-operation in these matters would be greatly appreciated. Thank you.

WORKING IN PARTNERSHIP

Homework

St. Patrick's Primary School sees a value in children engaging in homework as a means of revising work done, in involving parents in their children's learning, in informing parents about the type of work done at school and in the development of good 'work' habits from the beginning.

Homework is an integral part of every pupil's learning. Homework encompasses a variety of activities instigated by the parent or the teacher to support the pupils' learning. For example, a parent who spends time reading with a child at bedtime is helping with homework. Homework can play a positive role in raising a child's level of attainment but also we recognise the importance of free time and play for a child's growth and development. While homework is important, it should not prevent children from taking part in a wide range of out-of-school clubs and organisations that play an important part in the lives of many children.

The aims of our Homework Policy are to;

- *consolidate, develop and extend work done in school and to allow pupils to practise skills taught in lessons
- *to help pupils develop the skills of independent learning
- *to promote a partnership between home and school to support each pupil's learning
- *to develop in pupils, self-discipline and self-motivation
- *to help pupils to develop good work habits for the future

We increase the amount of homework that we give pupils as they move throughout the school. On average we suggest that the amount of time spent on homework should be:

Year 1 & 2: Approximately 15-30 minutes per night

Year 3 & 4: Approximately 30-60 minutes per night.

Year 5, 6 & 7: At least 60 minutes per night.

In addition, children are encouraged to read books at home and books are available in the school for borrowing. The school would welcome parental support and encouragement in both areas of homework and leisure reading.

If a pupil has special needs, homework tasks will be adapted to meet the needs of the pupil. Homework must be checked and signed each night by the Parent / Guardian.

HOMEWORK MARKING

Please check your child's Homework Weekly Schedule each evening and sign. Please also listen to their reading daily. Homework will be checked daily by the class teacher and marked for improvement each Friday.. We will also be allocating one evening per week to our online Literacy Programme "Reading Eggs"

About the school

The school has been on its current site in Gortin Village for the last 60 years. It is set on expansive grounds with a large grass area and separate tarred playgrounds for the senior and junior children. There are numerous flowerbeds, rockeries, Wildflower Garden and an orchard. We were recently awarded a Pollinator Grant and work is progressing in a number of areas around the school.

The school has access to four classrooms, a double mobile and a large gymnasium/dining room. The school can also make use of the local Parish Hall, Community Centre and GAA pitches. The Minister of Education opened a new extension to the school comprising of a lobby, office and waiting Area.. We also have a Pre school room, Breakfast Club and an Afterschool room run by Little Stars Daycare..

The school is very well resourced and all the teachers use these resources appropriately to meet the varying needs of all the children.

CHILD PROTECTION/SAFEGUARDING

A primary responsibility of our school is to protect the pupils in our care from any form of abuse – neglect, physical abuse, sexual and/or emotional abuse.

We seek to protect our pupils by helping them learn about the risks of abuse, helping them to recognise unwelcome behaviours in others and acquire the confidence and skills they need to keep themselves safe.

All staff have been trained in Child Protection issues and have been given clear guidance on the action necessary where abuse or neglect of a child is suspected i.e. keeping a written record of any concerns they have about a child and discussing these concerns with the designated teacher for Child Protection and the SENCO at the monthly pastoral meetings.

Staff who work with children in the school are vetted under EA and CCMS procedures. Volunteers will have a vetted member of staff present at all times.

The designated teacher for Child Protection is Mrs Grugan. In her absence Mrs Bradley will assume responsibility for Child Protection matters. Our Safeguarding team also consists of Oonagh Mc Kenna B.O.G Rep and Mr Patrick Brolly, Chairperson..

If a teacher or member of the ancillary staff suspects that a child is, or has been abused, that person is lawfully obliged to report the suspected abuse (Northern Ireland Children's Order, 1995).

In reporting the suspected abuse school personnel must follow the procedures set out in the Department of Education Circulars 1999/10, 2003/13.,2015/13 (All DE circulars are available on the DE website – www.deni.gov.uk)

CURRICULUM OVERVIEW

The curriculum in St. Patrick's Primary School is all the learning experiences that are present for each child, those planned by staff and those absorbed from our school ethos and environment. Since Christ is the foundation of the whole educational enterprise in a Catholic school, our entire curriculum will attempt to reflect Christ's message. When planning our curriculum, we take into account the uniqueness of each child and his/her individual needs. Our aim is to offer each child a broadly based and appropriately balanced curriculum in line with the Northern Ireland Education Order 1990. The curriculum is in a constant state of development and the staff are prepared to meet the relevant challenges. The school is providing worthwhile experiences in all the curriculum areas.

- Language and Literacy
- Mathematics and Numeracy
- Religious Education
- Personal Development and Mutual Understanding (PDMU)
- The World Around Us
- The Arts
- Physical Development

The time that children spend at school is limited and so we must plan for the children to use their time in the best possible way. We use a variety of methods of teaching including whole class, group work, partner work and individual programmes of study integrated across the curriculum. We aim to provide a curriculum which is sound in basic principles, reflects the requirements of the Northern Ireland Curriculum, and offers stimulating learning opportunities.

The learning situations we present will be relevant to children's interests and stage of development. Wherever possible the children will be stimulated by first hand experience. Our school curriculum is based on the belief that a child learns through listening, seeing and doing.

We aim to teach in an integrated way using a topic approach whenever possible. We plan our work each half term and our planners are evaluated to ensure the needs of the children are being met.

LANGUAGE AND LITERACY (bringing together reading, writing and talking and listening) All our full-time teachers and Classroom assistants are certified Sounds-Write reading and spelling therapists. Year 5-7 pupils learn basic Irish and French.

MATHEMATICS AND NUMERACY (emphasising practical and mental mathematics and thinking processes in mathematics as well as the application of numeracy across the curriculum)

RELIGIOUS EDUCATION (as a Catholic School Religious Education forms an integral part of daily teaching and learning.)

PERSONAL DEVELOPMENT AND MUTUAL UNDERSTANDING (with clear ideas of how to develop children's emotional, health and safety and community understanding). There is great potential to combine this area with the Religious Education Programme. PDMU is a key element and will have significant importance not only in school but in the wider community.

THE WORLD AROUND US (where Geography, History, Science and Technology have been combined into topics.)

THE ARTS (bringing together Art and design, Drama and Music.)

PHYSICAL DEVELOPMENT (focusing on the development of knowledge, skills and understanding through play and a range of physical activities.)

Whole Curriculum Skills And Capabilities

At the heart of the curriculum lies an explicit emphasis on the development of skills and capabilities for lifelong learning and for operating effectively in society. Through opportunities to engage in active learning contexts across all areas of the curriculum, children should progressively develop:

Cross-Curricular Skills:

Communication

Using Mathematics

Using Information and Communication Technology

Thinking Skills and Personal Capabilities:

Thinking, Problem-Solving and Decision-Making

Self Management

Working With Others

Managing Information

Being Creative

Policies are available from the school office on request.

Special Needs

St. Patrick's Primary School has a long history of commitment to providing support for all pupils with Special Needs.

In St Patrick's we all believe that all children can learn and have a right to mainstream education.

All children are welcome in our school and a child with Special Needs will be catered for. The admission arrangements and Criteria remain the same for these children.

The school will liaise with parents and the relevant pre-school agencies in order to establish a base-line position and meet the child's needs appropriately.

The school has a Special Educational Needs Policy in place, which reflects practice in the school and is available for the perusal of parents.

The school aims to ensure early identification of children with SEN and to make adequate provision for them within their Classroom setting.

Teachers will meet parents of pupils on the SEN Register once a term to discuss and review their IEP and provide them with a 'Ways To Help at home' Document.

We aim to provide a broad and balanced curriculum suitably differentiated to meet the needs of all children. Teachers will monitor, assess and record children's learning and progress regularly using formative and summative means of assessment in order to provide a basis for future learning and keep parents informed. Children on the SEN register are fully integrated into their Class group and into the school as a whole. We believe that children should, through appropriate forms of educational provision, reach their full potential. This ideal can best be achieved involving pupils and with collaboration between teachers, parents and outside agencies where necessary.

The SENCO, who is also the Principal, is a registered Reading Recovery Teacher and works closely with all Class teachers and provides help and advice in the identification and support of pupils with individual needs and meets with staff regularly to discuss Education Plans and to monitor and review the progress made by children with SEN.

We continue to develop our staffs' expertise in the area of Special Educational Needs.

The school has in place a comprehensive testing system in line with that which is recommended by EA. These tests assist in identifying and monitoring the progress of children with SEN.

When it is considered that outside help is needed because of specific or more complex difficulties, we will seek the permission of parents to enlist the help of outside professionals, such as, the Education Psychology Service.

If a pupil does not make expected progress help, advice or referral will be sought from the appropriate outside agencies. Priority will be given to those pupils assessed as being in greatest need.

The Principal, all teachers and all Classroom assistants have been trained in Sounds-Write.

Religious Education/Assemblies

The Catholic ethos permeates all aspects of life in St Patrick's. Our Religious Education programme is based on the Alive-O series. The aim of the programme is to foster and deepen the children's faith. It takes account of the child's age, needs and capacity to learn. It helps to prepare each child for participation in the liturgy and sacraments of the Catholic Church. Parents have the chief responsibility for the religious development of their children. In fulfilling this responsibility, which is assumed when you presented your child for Baptism, you are assisted by the teachers and priests of your parish. The religion lesson alone is not enough to promote faith. Children are influenced much more by what they hear, see and experience both at home and in school. Most important is an environment where Christian values are actively lived. The co-operation and support of parents is indispensable at every stage of your children's religious and moral education – handing on Christian values, showing an interest in your child's RE book and what has been done in school, praying with your child and attending meetings when organised. The school chaplain visits the school regularly and helps with the organisation of school Masses and preparing children for the Sacraments of Reconciliation and First Holy Communion in Year 4 and Confirmation in Year 7. All occasions in the Church's calendar are celebrated for example, Christmas, Lent and Easter and the main Saints Days and Feast Days.

We would appreciate it if you did not send fizzy drinks to school with your child at any time. The school provides milk for each child at a cost of approximately £12 per term.

We will work together with parents and the local community to enable pupils to make healthy informed choices and discourage the use/misuse of drugs.

Our programme of study will be based on guidelines provided by the Department of Education and will be sensitive to the age and experiences of our pupils e.g. Our Year 7 boys and girls are given separate talks about 'growing up' a part of the Love For Life Programme.

ASSESSMENT, REPORTING TO PARENTS AND RECORD KEEPING

Assessment of children's work is an integral part of school. The main purposes of assessment are to;

- Impact on learning
- Establish through a variety of means what the child knows, understands or is able to do
- Assist the teacher in planning the next steps in the child's learning

As a parent you will want to know how your child is progressing as they move through the school year.

Parents are informed of their child's progress using two methods:

- A yearly interview in the autumn term, in which the parents will be informed of the teacher's view of the child's progress. This is usually a 20 minute consultation to which both parents are invited to come along. Parents will also be informed of
- Parents will receive once yearly a written report on each pupil's progress, usually mid-June.

Parents are reminded in school notes that where there are any concerns or worries about their child at any time of the school year, to contact the class teacher or Principal who will be happy to discuss concerns.

Parents of children with special educational needs are encouraged to meet with teachers at the beginning of each new Education Plan to agree targets and discuss how they can help to support their child's learning at home.

Teachers use their professional judgement and their own and agreed standardised tests, to assess the progress of each child. Teachers also benefit from information and concerns shared by the parent in making a judgement about a child.

Where appropriate this information may be supplemented by information available from outside agencies such as EA, etc.

Records of pupil progress in standardised testing are held on a pupil profile which is passed on to the next teacher with samples of pupil's work. These are available for parental perusal.

CURRICULUM ADVISORY AND SUPPORT SERVICE

The EA Western Region provide schools with support in curriculum initiatives aimed at developing and improving the school ability to deliver a rich and relevant curriculum to all their pupils.

St. Patrick's Primary School staff have all received Literacy, Numeracy, ICT and Revised Curriculum training and are now implementing new and appropriate strategies in their classroom teaching. Individual teachers, who are co-ordinators for the specific subject areas, also attend courses regularly to keep abreast with change and developments.

LINKS WITH OTHER AGENCIES

We see the school as a vital part of the parish of Gortin and take every opportunity to contribute to the life of the parish. In order to do this, we liaise closely with our local priests and church organisations. We have established close links with our local secondary schools in order to ease each child's transition to second level education. Visits for Year 7 children to the new school are arranged throughout the year. We avail of opportunities presented to us by the Youth Sport NI initiative, for example, football and athletics coaching. We value the Gaelic coaching provided by the Tyrone GAA. Both of these initiatives provide our pupils with opportunities to meet and interact with pupils from other primary schools in the local area. We co-operate with and fully support the work carried out by the local health authority personnel and, when necessary, we seek the help and advice of other statutory agencies. Visitors, such as, the school nurse, doctor, dentist, educational psychologist, outreach teachers call at the school in order to cater for the needs of children.

LEARNING THROUGH PLAY

Learning through play is an integral part of Early Years education and in St Patrick's Primary School a strong emphasis is placed on well planned and well organised play for the children. Through this, the children are learning in a way which is fun and which is of relevance to them.

In line with The New Curriculum, a less formal curriculum is planned in Years 1 and 2. Much more time will be spent on active learning and there will be a strong emphasis on the development of social, personal, language and physical skills. The introduction of a formal reading scheme will be delayed until the child is ready.

EDUCATIONAL VISITS

Absences

If your child is unable to attend school for whatever reason you must inform the school by telephone that morning so your child can be accounted for. If you have contacted the school by telephone you will no longer have to write an absentee note for your child.

Pupils are not allowed to leave the school grounds during the day without prior permission. If your child has an appointment during school e.g. dentist or hospital, a note must be sent to the school with your child.

Health and Safety

Medical

In the event of your child taking ill at school, parents will be contacted immediately so that the child may be taken home. An online data collection form is forwarded at the beginning of each school year so that the school has up to date contact numbers and medical information regarding your child. It is extremely important that any change in this information is forwarded to the school immediately.

Children will be given a medical inspection by the NHS School Medical Service during the first year at school and from time to time during their stay. Parents are notified of Doctor's visits and may attend.

It is essential that any medical problems that your child may have should be discussed with the Principal or Class Teacher, as it will help the school to do what is best for your child.

Head Lice

Head lice checks are no longer the responsibility of the school or School Nurse. Please check your child's hair regularly and if a member of your family has been infected please:

- Let the school know so that we can inform other parents to be on the lookout.
- Treat your child's hair with medication recommended by a pharmacist.
- Keep your child off school until the infection has cleared.

The school has a security system installed. All the external doors of the school will be locked while the children are in class but the keys are easily accessible in the event of a fire.

POLICY FOR PROMOTING POSITIVE BEHAVIOUR

Our Positive Behaviour Policy is based on RESPECT.. for self, other pupils and adults. As well as a General Code of Conduct used in and out of the school, each class also has a Class Positive Behaviour plan put together at the start of each year AND SHARED WITH PARENTS.. Rules are kept to a minimum and children are made aware of the reasons for having them. In those cases where there is a need, there is a pupil reflection system in place for school and home.. In any case involving a serious breach of rules parents will be involved either by receiving a written report or by being invited to come to the school to discuss the matter. Positive Behaviour Reward systems to promote positive behaviour were introduced recently. These include whole school team incentives, stickers, pencils, good notes, marble jars, lunch-room tokens, homework tokens, Principal awards, Class rewards and Golden Time .

The school's approach to the promotion of the general welfare of its pupils and to discipline, is based on an active concern for the general well-being of each individual child and his/her personal needs.

The school has recently reviewed its policy for Promoting Positive Behaviour in which each child is encouraged, acknowledged and rewarded. Copies of the revised policy is available on our website.

CLASSROOM "PROMOTING POSITIVE BEHAVIOUR PLANS"

As well as a general Code of Conduct for School, Canteen and Bus, each class, with their teacher on day one, will compile a Class Promoting Positive Behaviour Plan specifically for their class, containing rules, rewards, consequences discussed and agreed with everyone which will be clearly displayed in their class. This agreement will be sent home to be discussed and signed by both you and your child. It is extremely important that you give us 100% support in this area. **EVERY CHILD HAS THE RIGHT TO LEARN AND NO CHILD HAS THE RIGHT TO DISRUPT THE LEARNING OF OTHERS.**

Please note that we will continue with our CHOICES SYSTEM (sent home with Classroom Plan) this year. We found the format was very successful last year in promoting positive behaviour thanks to the combined supportive role of teachers and parents.

OUR CODE OF CONDUCT

- We look after school property and do not bring unauthorised toys, electronic games, cards or mobile phones to school.
- We walk quietly around the school.
- We show respect to all adults and children (by using kind words, taking turns to speak and following directions from staff...)
- We tell an adult if someone annoys us rather than fight back.
- We keep hands, feet and objects to ourselves.
- We treat others as we would like to be treated themselves.

Charging Policy

Under the Education Reform Order 1989 the Board of Governors has decided the following policy.

The policy of the school is to charge for:

- Board and lodgings on residential visits.
- The cost of any re-scrutiny of examination results if such re-scrutiny is requested by the parents.
- The cost in cash or in kind, of ingredients or materials needed for practical tasks if parents have indicated in advance a wish to own the finished product.
- Optional extra activities which are additional to the education provided by the school for the purpose of meeting the statutory requirement imposed by Article 11 (1) (a) and (b) of the 1989 Order.

Remissions Policy

INDUCTION PROGRAMME FOR YEAR 1

The Induction Programme at St Patrick's is intended to:

- Help both parents and children in the transition from home to school
- Ease the uncertainty of starting school for children especially those who have not been in a formal pre-school setting.

In May/June the children will be invited to the school for an Induction Session.

During the Induction we will:

- Introduce the children to their future Classroom, the school principal, their teacher and classroom assistant in an informal manner.
- Give parents the opportunity to discuss any worries they may have about their child starting school.
- Help parents in their role as educators of their children by encouraging active participation in their child's learning.
- Give guidance and advice, when required, on how best to prepare children for school.

During September we operate a staggered intake with a shorter day for pupils in Year 1. This means that the children can gradually adjust to a full day at school. Information will be given to parents regarding these times and the routines of school and the Curriculum in Year 1 at the induction meeting in June.

ADMISSION CRITERIA – YEAR 1

The following criteria will be applied in the order set down 1-4 by the Board of Governors of St Patrick's Primary School, Gortin, in selecting children for admission to Year 1 in September. However, the school shall not cause or permit the number of registered pupils to exceed the school's enrolment number as determined by the Department of Education. Priority will be given to pupils who are normally resident in Northern Ireland.
